

**Model : S1018 , S1019**

## Super Lightweight headset microphone

The S1018 and S1019 is a super lightweight headset microphone with a highly sensitive condenser capsule providing wide a frequency response. Its aesthetic hands-free design is ideal for anyone who uses a microphone while speaking or performing, such as a vocalist, actor, or teacher.

The S1018 features a Uni-directional pickup pattern, and the S1019 is omni-directional.

The microphone features a flexible stem which can be adjusted to fit the user perfectly.

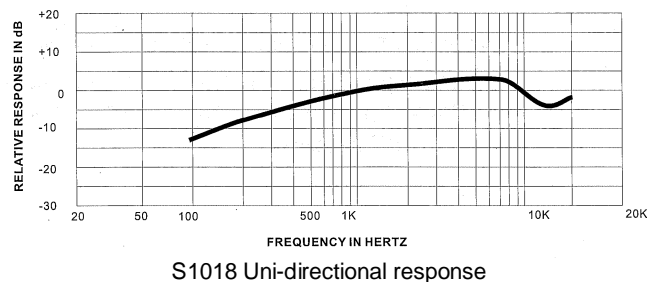

This microphone will partner perfectly with any of the Smart Wireless beltpack transmitters from the Solo, Pro-solo, U-scan or Turbo range.

### Specifications

- Polar Pattern : (S1018) Uni-directional ,(S1019) Omni-directional
- Frequency Response : (S1018) : 70 Hz to 16kHz , (S1019) : 20 Hz to 20kHz
- Sensitivity : (S1018) : -67dB , (S1019) : -65dB (+/- 3dB, 0dB=1V/microbar)
- Impedance : (S1018) : 1k4 R +30% (at 1 Khz) , (S1019) : 1k1 R +30% (at 1 Khz)
- Operating Voltage : 1V – 10V DC (RL:2k2 R)
- Cable Length : 1M , dia 1.5mm
- Colour : Pink

### (A)Uni-directional

### (B)Omni-directional
